Travelers Tips

Pick pockets and 'con' artist are found all around the world. A little caution goes a long way. Purses or backpacks lightly slung over a shoulder are an easy target. If you have a backpack with multiple zipper pockets, consider wearing it in the front if you are in large crowds of people. Flashy and or dangling jewelry is a tempting target for the "snatch and run" thief. If you can carry a wallet in your pants pocket or rubber band around your wallet it will provide resistance against the material and you'll know if someone is trying to lift it out of your pocket. Awareness is the best tool.
