2 x ABB Azipods 2 x 15.5 MW
Total Power: 41,500 HP

FUEL CONSUMPTION

Diesel Generators 140 tons/day 21 knots (39,500
gallons)

WATER PRODUCTION

Potable Water Production 1,400 tons/day (370,000 gallons)
Potable Water Consumption 600 tons/day (160,000 gallons)

GROSS TONNAGE	LENGTH	GUESTS
62,735 tons	781 feet	1067

MAX SPEED	WIDTH	CREW
24.5 knots	106 feet	655

HOLLAND AMERICA LINE

In the early part of the 17th Century, Henry Hudson set sail from Holland in a tiny ship called "de Halve Maen." His long voyage across the Atlantic heralded the beginning of Dutch exploration and settlements in the New World. During this century's great era of Trans|Atlantic elegance, Holland America's beloved Nieuw Amsterdam II (1938|1973) came to represent all the luxury, magnificence and splendor of that time. Our emblem shows this famous flagship alongside "de Halve Maen". Together, these two ships symbolize the centuries old seafaring tradition of the Dutch and the long|standing friendship between Holland and America.
