

# Custom-Tailored Clothing

Princeton Custom Tailors, since its establishment in 1966 in Hong Kong, has been continually providing top-quality tailoring service to ladies and gentlemen throughout the world, including: US Presidents, Hollywood movie stars, politicians, bankers, lawyers, accountants, doctors, businessmen, and more. The finest fabrics, the broadest choice of materials from Europe, skilled and experienced Shanghainese craftsmanship, and efficient and reliable services are the ongoing keys to our success. All of our custom-made garments are tailored to individual needs and specifications. Hand-sewn by our Shanghainese tailors, it is guaranteed that first-class skill and trimmings go into the making of every garment to create that perfect fit. This is the key point that makes custom-made clothes more outstanding than ready-made clothes. Our company focuses on the quality standard of the clothing. We strive to ensure that only top-quality fabric and craftsmanship are used in the making of the clothing such that our custom-tailored products can last for years.

With the popular demand of our services on many Holland America Line cruises, we are very glad to extend our service to be available aboard *Amsterdam* (our 17<sup>th</sup> year with Holland America Line) **beginning Tuesday, February 27 (Benoa)**. Our Sales Manager will be on board to provide you with sincere and extensive high-quality, custom-tailoring service. You may directly place an order on the vessel. **Orders placed by Sunday, March 4 (At Sea) will be delivered to the ship in Hong Kong.** You are cordially invited to come and choose from our numerous high-quality fabrics for making suits and shirts.

Our company will also come to USA, Europe, and Japan twice a year to continue providing sincere service to our existing and new customers. Once you are our customer, you will receive our trip itineraries so that you may continue to enjoy our custom-tailoring service at your hometown.
