**GRAND WORLD
VOYAGE**
Amsterdam

TRAVEL TO INDONESIA OR SINGAPORE

Dear Guest,

We understand that some of you may be organizing independent overnight and/or overland excursions to Indonesia and/or Singapore. Due to the uncertainty of ports accepting cruise ships in Asia, Holland America Line has decided to cancel Amsterdam's calls to Indonesia and Singapore. **In an abundance of caution in the interim, we will not (re-) embark any guest on board Amsterdam who chooses to undertake independent travel arrangements to Indonesia and/or Singapore. E.g, should you still wish to travel to Bali on an overnight, we will not permit your return on board for the remainder of this voyage, etc.**

Holland America Line has been closely monitoring the very fluid and evolving situation with respect to the ability to successfully operate cruise itineraries in Asia due to the regional concerns surrounding COVID-19. We never want to disappoint our guests, however we are not confident that we could deliver a cruise experience that meets your expectations.
