

# Sea Trials Information

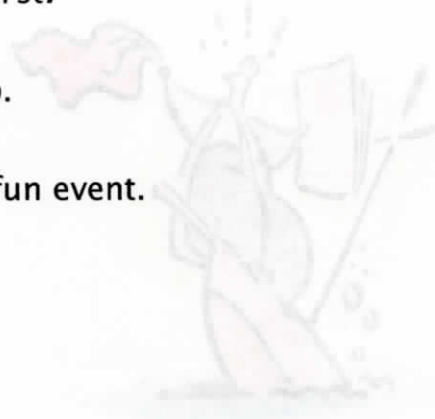

1. Crew may consist of up to 4 members.
2. Collect materials from around the Zuiderdam to use in building your ship!! Use water bottles, napkins, boxes from the shops on board, aluminum cans, etc. Feel free to buy anything on shore, but please do not use ship's property (i.e. life jackets, sheets, trays, TVs, cushions, mattresses, cabin stewards etc.).
3. We like big ships! The bigger, the better!! Dimensions are at the discretion of the team building the vessel, but your ship needs to fit and withstand the rapids of the Jacuzzi.
4. You may not float your ship in any form of water before sea trials.
5. Have your ship and fact sheet ready 15 minutes prior to start time. It would be to your advantage to get as many guests cheering for you. Don't forget your cameras!
6. Ships will be judged on appearance, special features, sea worthiness, cargo carrying capacity (must be able to carry between 6 and 12 cans of soda which we will provide) and crowd response
7. No help from the crew of the Zuiderdam

8. The sea trials will take place on March 31st.

\* Prizes will be awarded to the top ship.

Thank you for participating in this fun event.

Your Host, Shelly

# Sea Trials Fact Sheet

*Please complete this sheet and bring with you to the shipbuilding trials!  
Please PRINT clearly. Be Creative!*
