# LET'S GET STARTED

## THINGS YOU'LL WANT TO DO RIGHT AWAY

### Install NAVIGATOR - Our Free Digital App

It's your primary resource for just about anything you want to do. You'll find a quick tutorial on your stateroom TV. Navigator also contains your NavPass which does just about everything your stateroom keycard does except open your door.

### Visit Your Muster Station

Directions are on the back of your stateroom door.

### Watch the Safety At Sea Video on TV

Your TV will automatically start playing the *Safety At Sea* video when you turn it on. You'll be able to access other content once you complete watching this video.

### Get Online

Purchase an internet package on your personal device through Navigator. Log-in instructions are on your TV. We recommend you put your phone in airplane mode when the ship is at sea to avoid mobile data and roaming fees.

### Make Restaurant Reservations

Reservations are recommended for all restaurants except The Lido Market and Dive-In. Daily menus are available for preview on Navigator.

### Plan Your Daily Activities

Check out everything this cruise has to offer in the Activities section of Navigator. Tap on any event title to see more details or add it to your custom itinerary by clicking on the 'plus' button.

### Purchase Shore Excursions

We make it easy: browse your TV, search Navigator or visit the Shore Excursions desk to book a tour. You can access all your tour tickets through the Navigator wallet.

### Get Settled In

There's no need to line up at the Guest Services desk. Just use Navigator to let us know how we can help. We do our best to have your luggage in your stateroom by 6pm.

Your cruise fare includes meals in the Dining Room, Lido Market and Dive-In; non-bottled water, basic coffee, tea and select juices; entertainment in the Mainstage and on Music Walk, our exclusive EXC Talks and other activities; over 100 movies on demand; use of the swimming pools, hot tubs, gym and other public areas around the ship.

# TRAVELWELL®

All guests are required to wear a face mask when indoors, except when eating or drinking.

We will follow the health protocols for every port we visit. Holland America Line approved shore excursions are strongly encouraged; independent activities are permitted. Follow local rules and regulations while on shore.

Public areas and staterooms will be thoroughly and frequently cleaned using a safe disinfectant proven to kill coronaviruses.

Our highly trained medical staff includes doctors and nurses capable of caring for a broad range of medical conditions, including dealing with COVID-19 patients. Medical centers will be equipped with COVID appropriate testing and treatment capabilities.

Ships will have enhanced air filtration with a combination of increased fresh air and upgraded HVAC units with MERV13 (F7) filters throughout. Our Medical Centers are equipped with HEPA filtration.

## Gastrointestinal Illness

This illness is often caused by a common virus easily contracted by touching surfaces previously touched by someone who did not properly wash their hands. Symptoms, which include vomiting and diarrhea, usually disappear in 24 to 48 hours, and leave no long-term effects. The infectious nature of this requires that you seek treatment immediately and remain in your stateroom for a short period of time. Guests who fail to report this illness or refuse to remain in isolation will be disembarked at the next port. Contact Guest Services (dial 90) immediately if you experience or see vomiting or diarrhea. We need to disinfect the area immediately.

**The best way for you to stay healthy is to wash your hands frequently and thoroughly using warm water and generous soap for at least 20 seconds.**

**Wash your hands before:** Eating and drinking, smoking, brushing your teeth, helping a sick person.

**Wash your hands after:** Using the bathroom, changing diapers, touching high-traffic contact surfaces (such as doorknobs, elevator buttons, or railings), returning to your stateroom, helping a sick person, blowing your nose.

Use a paper towel to turn off the faucet and open the door. If water and soap are not available (such as on excursions), use an alcohol-based sanitizer.

## Sharps and Needles

For everyone's safety, please do not break off needles or dispose of capped needles in the trash. Ask your steward for a sharps container.

Pain relievers and motion sickness relief are available at Guest Services.
