Which Shore Excursions Are Right for You?

Choose the tours that interest you by using the icons as a general guide to the level of activity involved, and select the tours best suited to your physical capabilities. These icons will help you to interpret this brochure.

Easy Activity: Very light activity including short distances to walk; may include some steps.

Moderate Activity: Requires intermittent effort throughout, including walking medium distances over uneven surfaces and/or steps.

Strenuous Activity: Requires active participation, walking long distances over uneven and steep terrain or on steps. In certain instances, paddling or other non-walking activity is required and guests must be able to participate without discomfort or difficulty breathing.

Panoramic Tours: Specially designed for guests who enjoy a slower pace, these tours offer sightseeing mainly from the transportation vehicle, with few or no stops, and no mandatory disembarkation from the vehicle during the tour. As vehicles outside the United States are rarely lift-equipped and ramps are seldom available, a very small amount of walking will be necessary. The pace is gentle and taking your time is encouraged.

Limited Capacity: The number of people able to participate in this tour is strictly limited. Reasons for limiting capacity may include the number of transportation seats available, or the need to maintain a safe ratio of guides for hikes, fishing and water activities. Tours require a minimum number of participants in order to operate.

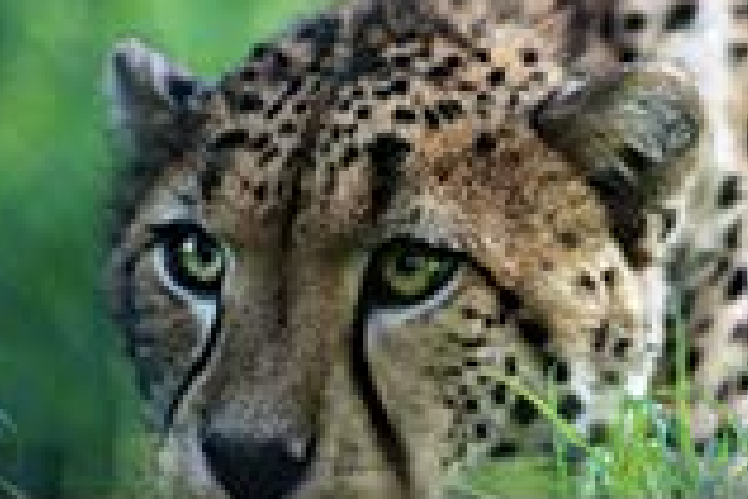

Snack: This tour includes a small snack or tasting of local specialties. The snack is not a meal.

Meal: This tour includes a meal—lunch on daytime tours, dinner on evening tours.

Guests Using A Mobility Aid Device or Wheelchair

I have a disability. How do I know which tours will best suit me?

The tours are graded according to the relative level of activity they entail. The activity icons that appear at the beginning of each tour description provide a general idea of the level of activity to expect. Please see page 1 for specific information or speak to a Shore Excursions specialist (1.888.425.9376). It is important to keep in mind that tour operators are subject to the laws of their own country with respect to accommodating the needs of guests with disabilities. In most foreign countries, the laws are not as stringent as those in the United States.

Will I encounter difficulties (dis)embarking the ship when it's in port?

Please see the on-board Shore Excursions staff to help determine whether you can expect to encounter difficulties (dis)embarking the ship in a particular port of call. The decision whether or not to carry or provide other mobility assistance to a guest and their device (wheelchair, walker, etc.) up or down a ship's gangway, or on or off a tender boat, is at the sole discretion of the Captain, made based on his evaluation of guest and crew safety. We encourage you to bring a collapsible wheelchair as space limitations may restrict the ability of some tour operators to accommodate motorized mobility aid devices.

Frequently Asked Questions

What should I wear?

Comfortable walking shoes are recommended for all shore excursions. When you visit places of worship, we recommend dressing conservatively (no shorts or sleeveless tops), but casual clothing is perfectly acceptable. Dress in layers and have a jacket along. Bring an umbrella or raincoat, a hat and sunscreen.

What about meals?

Most tour departures complement the ship's meal service hours. In-room dining is available on board.

How will I know what time each tour departs?

The on-board Shore Excursions Order Form in your stateroom will show departure times. This information will also be printed on your shore excursions tickets, which you will receive on board. Approximate tour departure times are posted on our website at hollandamerica.com.

I am traveling with friends. Can we be accommodated on the same motorcoach?

The departure location for each tour is printed on

your shore excursions tickets. If you wish to travel with friends, please arrive at the designated meeting place together. This will enable the staff to allocate space for you on the same vehicle.

Tour durations

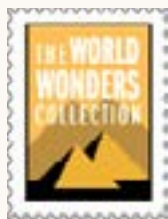

The individual tour descriptions include approximate durations. To allow our Shore Excursions Managers flexibility to coordinate your time in port with meals and activities on the ship, exact departure times are published in the Shore Excursions Order Form on board. For more information, please attend the Shore Excursions Presentation or visit the Shore Excursions Desk.

Tour descriptions

Tour descriptions may change after printing. Information that becomes available after this brochure is published will be posted in the Shore Excursions section of our website, which can be found online at hollandamerica.com. Significant changes will be noted on the Shore Excursions Order Form on board. Tour schedules are subject to change.

The Collections of Holland America Line

What fascinates you? A cooking class with a local chef? A private car, complete with driver and/or guide? A chance to encounter wildlife or view natural wonders up close? The Collections represent a small subset of the shore excursions you will find in this brochure. Each collection offers its own particular focus and is available only in select ports.

World Wonders Collection

Natural treasures, architectural marvels, technical wonders: to the Seven Wonders of the World we add our own nominations based on decades of leadership in global travel—the sandstone city of Petra, the *moai* statues of Easter Island, and the Great Wall of China, among others. What they have in common is the ability to inspire awe.

Encore Collection

Been there, done that? Think again. The Encore Collection, designed especially for repeat guests, lets you discover what lies beyond the well-known attractions you've already seen. Barbecue with Argentine gauchos, bike the tree-lined boulevards of Barcelona, ride an Icelandic pony across a windswept beach near Reykjavík. These tours showcase hidden gems, unusual angles and inside stories that will bring you back time and again.

Overland & Overnight Collection

A passion for new experiences, goodwill toward others, or immersion in life elsewhere—whatever drives you to travel, Overland Adventures and Overnights take you further. Dig deeper, make connections, leave a part of your soul in great places, and bring home a wider knowledge of our planet and those with whom we share it.

Cruise with Purpose Collection

For every global citizen who has ever dreamed of either giving back or paying it forward, the innovative Cruise with Purpose Collection is about improving our planet one voyage at a time. Assist in scientific research, bring supplies to an orphanage, participate in a fair trade scheme or cultural exchange, replant a forest or restore fragile habitat—your footprint will be light and your soul enriched.

Medallion Collection

This series of exclusive experiences is designed to accommodate our most discerning guests. Each Medallion Collection tour is carefully chosen to provide an in-depth perspective, often exclusive to Holland America Line. They offer unparalleled access to events and sights not normally readily available to the public. First-class style, smaller groups, elite activities for a privileged few—this is the Medallion Collection.

The Signature Collection

Explore at your leisure with a private vehicle and English-speaking driver and/or guide at your service. Choose your companions and visit only the landmarks that interest you so that you maximize your time ashore.

Signature Collection

This exclusive touring option for independent-minded travelers lets you completely customize and maximize your time ashore by reserving private transportation (along with an English-speaking driver and/or guide) in advance. Whether you travel by car or minivan, customized boat, classic floatplane or stretch SUV limousine, you choose the companions, sights and pace that perfectly suit you.

To Whom is the Signature Collection Suited?

The Signature Collection is for solo travelers, couples, families, friends and special interest groups traveling together. This may also be an excellent choice for non-ambulatory guests. Value and flexibility are just two of the advantages of first-class touring and luxury transportation. Privacy, comfort, safety, and personalized guide service are also yours to enjoy.

Itinerary Planning

If you need help planning your personal itinerary, the Shore Excursions Manager can assist you and will gladly answer your questions. This can be very helpful in many destinations where travel time, location, holidays, and opening hours of attractions need to be taken into consideration in order to maximize the efficiency of your time ashore.

Booking on Board

The Signature Collection may be available for booking once you are on the ship, but this cannot be guaranteed. Please check with the Shore Excursions Office on board.

About the Signature Collection Transportation

Each type of transportation will be of the highest grade available in that port. Not all modes of transportation are available in all locations. For information about the transportation sizes and availability, please see our website at hollandamerica.com.

Online Reservations

The fastest and easiest way for you to reserve and pay for your Signature Collection experience is online at hollandamerica.com. Please note the cost will be per mode of transportation (not per person), so only one person in the party needs to make the reservation. The price shown on the website is the total cost for the transportation, driver and guide (not a per-person price). In many ports, availability is extremely limited. We encourage you to reserve as early as possible.

Also Included

The cost includes the service of a English-speaking guide and/or driver, unlimited mileage, road tolls, parking fees and bottled water.

Not Included (Unless Otherwise Noted)

Guests' entrance fees for attractions are not included in the price due to the wide range of attraction possibilities, uncertain number of attractions to be visited, and varying number of guests participating. We strongly recommend that you bring some local currency to cover such costs as credit cards are not readily accepted in some ports. Lunch will not be included on any tour as many guests prefer to select their own dining venue.

Payment & Tour Vouchers

Your credit card will be charged after your reservation is confirmed. Next, start planning what you'll do with your Signature Collection experience in each port. On board the ship, you will be given a tour voucher and a form to advise the Shore Excursions staff of the itinerary you have chosen.

Best Price Guarantee

Find a better price on any tour we offer and we'll refund to you 110 percent of the price difference in the form of an on-board credit (conditions apply). After booking your cruise, log in to www.hollandamerica.com to purchase your shore excursions.

Bahia d Opunoha, Moorea, French Polynesia - Monday, March 21, 2022:

Dolphin Watching Expedition

Departs: 12:30 PM
Approximately 3 Hours
Adult \$149.95; Child \$59.95

Join marine biologist Dr Michael Poole or his assistant on this ecotourism and research project on **wild, free-ranging dolphins**. Dr Poole has been studying dolphins in French Polynesia since 1987. Spinner dolphins, rough-tooth dolphins and pilot whales are seen around Moorea, with spinner dolphins regularly coming inside the reef.

With a little luck, as you set out by **boat**, you will see schools of acrobatic spinner dolphins while an excellent commentary provides details on the remarkable life and society of these wonderful mammals. Learn about the geology of French Polynesia while viewing the dramatic beauty of Moorea from the water. Dolphins are found on 95% of the tours, but the thoroughness of the explanations and the sheer magnificence of **Moorea's coastline** will ensure a rewarding time for all, even on those few occasions when no dolphins are found.

Between July and the beginning of November, there is the additional chance of viewing the humpback whales that maintain a seasonal presence to mate and calf here.

The tour operator follows international ecotourism guidelines and is an active contributor to the conservation of French Polynesia's dolphins and whales. Participation in this tour will help to further this goal.

Notes:

Time permitting, you can enjoy an optional swim stop at the end of the tour. This requires a water entry directly from the boat and is not a swim with the dolphins. Wear your swimsuit under your clothing; bring a towel, water, sunscreen and a hat. Expensive jewelry or clothing should not be worn on tour. The boat is covered; wear sunscreen to protect yourself from the glare off the water. Wildlife sightings are likely but are not guaranteed. Coral is fragile and can hurt. Do not stand on coral; wear aqua shoes in order to avoid any wounds and discomfort. Camera equipment should be carried with care and appropriate waterproof protection. The boat may be wet; personal belongings should be stored with caution.

Motu Beach Picnic & Ray Feeding

Departs: 10:30 AM
Approximately 5 Hours
Adult \$179.95; Child \$79.95

Your experience begins when you board a comfortable, covered, **motorized boat**. You will have the pleasure of admiring the island from the lagoon just as the first explorers did in the 18th century. The old crater of the volcano provides a view to unique and magnificent scenery-sharp peaks and high mountains, green valleys, pineapple plantations and lush forests. As you ride across the turquoise waters of Moorea, the captain will tell you all about the island's legends. You will then arrive at one of the gorgeous, white sandy islets surrounded by crystal clear water, shallow enough to walk right off the boat onto the beach. **Swim** or

snorkel around the turquoise lagoon or simply relax on the **beach** or in the shade while the local crew prepares lunch. One of the highlights will be when the local guides attract schools of **sting rays** from the lagoon. You are welcome to join in and play with these gentle sea creatures. In exchange for a piece of fish they will gracefully dance around you. A delicious **buffet-style lunch** is served, with soft island music in the background. After lunch you will be entertained with more music and a coconut husking demonstration. Transfer by motorized catamaran back to the ship.

Notes:

Wear your swimsuit under your clothing; bring a towel, biodegradable sunscreen and a hat. Expensive jewelry or clothing should not be worn on tour. Camera equipment should be carried with care and appropriate waterproof protection. The boat may be wet; personal belongings should be stored with caution. Participants should know how to swim, be comfortable wearing snorkel gear, and being in deep water as well as coping with occasional currents. Wildlife sightings and the presence of rays are likely but are not guaranteed. For your own safety and to help preserve the environment, when snorkeling, do not touch or step on coral. Mask and snorkel provided.

Ohana Catamaran Escapade

Departs: 8:30 AM
Approximately 3½ Hours
Adult \$129.95; Child \$69.95

No trip to Polynesia is complete without **sailing Moorea's shoreline** beauty as Wallis and Cook did when exploring South Pacific. Set sail on the 65-foot **maxi-catamaran Ohana** -- perhaps the largest and fastest catamaran of its class on Polynesian waters. Ohana offers plenty of shaded seating under the canopy, while sun seekers can relax on the two large nets located in the bow. Thanks to its short draft, you will be amazed where your maxi catamaran can take you -- shallow lagoon waters and close-up views of the shore are the norm.

Get your hands on the wheel while the crew sets up the sails for magnificent sailing along the in-shore reef. Feel the sea breeze as you discover the lush and appealing scenery of Moorea. Cross the reef through the passage and see an amazing mix of blue and green water, overwater bungalows and local houses -- the stuff of gorgeous photos.

At a **swim** stop, a mask and **snorkel** are provided. Access to the water is made by way of a large, easy step ladder that makes getting into and out of the water a snap. This sandy area boasts tiki carved stones, which are worth a visit.

Back on board, settle on the catamaran decks or nets, and relax with **refreshments** while you sail your way home through the bay of 'the lizard isle'. Keep your eyes peeled for

spinner dolphins -- an added bonus if you spot one.

Notes:

Wear your swimsuit under your clothing; bring a towel, biodegradable sunscreen and a hat. Expensive jewelry or clothing should not be worn on tour. Camera equipment should be carried with care and appropriate waterproof protection. The boat may be wet; personal belongings should be stored with caution. Wildlife sightings are likely but are not guaranteed. Mask and snorkel provided. Guests participating in water activities must know how to swim, be comfortable in the water and be able to cope with occasional currents. Depth of water is not guaranteed, due to currents and sea level variation. Please realistically assess your own ability prior to taking part in this water activity. Swim/snorkel at your own risk. For your own safety and to help preserve the environment, when snorkeling, do not touch or step on coral. Sailing on board a boat requires vigilance-you must be physically aware of the boat environment and fit enough to negotiate steps and the vessel's accessways. Access to the restroom is available via a straight ladder. French Polynesia's geological features include coral reefs, coral beaches, sea, mountains and some uneven ground. You must remove your shoes upon boarding the catamaran.

Taipivai Valley was originally made famous by the American writer and sailor, Herman Melville (1819-1891), who deserted his ship and hid in this valley. Captured by the indigenous natives, he lived there for three weeks -- a period during which he observed their way of life. This experience enabled him to write the novel called *Typee* . This landmark was more recently made famous by being the base camp for the *Survivor* television show filmed here in 2001.

An on-road **panoramic drive** will lead you through lush vegetation among valleys and great viewpoints. The coastline of this part of the island is breathtaking and ensures you some time for rewarding pictures.

You will pass small villages and plenty of churches. Visit the sacred Te A'itua temple and enjoy a refreshment. You'll continue to **Hooumi black sand beach** before returning to the pier.

Handicrafts are usually available for purchase at Te A'itua or at the beach; bring small denominations of cash, as credit cards are not accepted.

Notes:

Travel in the Marquesas involves secluded islands with limited facilities. Local transportation varies but is generally in private vehicles (double-cab-style SUVs) with no air-conditioning. Vehicles usually accommodate four guests (three in the back and one in the front). Seating cannot be reserved in advance. Families or friends may be split up. Vehicles are not guaranteed to be air-conditioned. This tour is mainly a sightseeing tour. Most of the drive is over a hard, flat road, although the short distance to the beach may be a little bumpy with some windy roads. Your driver may speak limited or no English; however, you will travel in 'caravan' style and there will be an English-speaking guide providing commentary at all the stops. Please keep in mind that the limited tourism infrastructure here is part of the island's charm, and bear with any language or cultural difficulties you encounter. Wear sunscreen, insect repellent and comfortable walking shoes. Bring water from the ship.

Tour Descriptions

Tour descriptions may change after printing. Guides, Services & Transportation

In certain interesting, off-the-beaten-track places, professional guides and vehicles are at a premium. The best available are engaged. For all tours other than the Signature Collection, it is exceptional for drivers of public hire vehicles to speak any language but their own and it is not always possible to obtain air-conditioned buses or taxis in many ports. However, we do our utmost to find the very best packages for your touring pleasure. Guests who leave during a tour for which transportation is included must thereafter provide for their

own transportation and services at their own expense. Transportation standards vary from country to country.

Self-Guided Touring

Guests who do not join these prearranged shore excursions must rely on whatever transportation is available in each port. If you choose to devise your own excursion, we suggest that you remind the driver or tour escort of the ship's sailing time. Of course, the ship's facilities are fully available to guests while in port.

Reservations & Online Reservations

Now you can easily choose your tour times, book your tours and receive confirmation of your shore excursions reservations 24 hours a day. Visit us online at hollandamerica.com or phone us at 1-888-425-9376. Book online now, up until 3 days before sailing. Make your payment online via our secure website, and receive confirmation as well as your tour departure times. You can also download the shore excursions, view tour prices, find answers to frequently asked questions and read general information. Remember, online and phone shore excursion reservations are processed prior to any requests made on board the ship and receive priority handling. At

the time of making your reservations online, we will advise you whether or not your reservations are confirmed or whether you have been waitlisted. Your credit card will be charged immediately for all confirmed reservations. Should space become available for a waitlisted tours request, we will e-mail or otherwise contact you at that time and either immediately charge your credit card if you have already given us your credit card information or ask you to provide us with that information for immediate charge processing. Reservations for shore excursions are subject to cancellation by us at any time prior to the credit card charge being accepted by your bank. If you or Holland America cancel a tour (except Overland Adventures and Overnights) more than 3 days prior to cruise departure, we will issue a credit on the credit card that you used to pay for the reservation. For any cancellation within 3 days of departure, a credit will not be given on your credit card. Instead, we will apply an ONBOARD CREDIT ONLY policy under which the refund (less any cancellation fee) will show up as a credit to the shipboard account of the person who was to take the tour. If the credit is not fully utilized during the cruise, the balance will be paid to that guest by the ship's Purser. Once on board, if you cancel your tour reservation after the booking deadline stated in the Shore Excursion Planning Form on board, a 100% cancellation fee will apply since transportation and services will have already been arranged. If space on the tour you have ordered is not available

you will be contacted to see if you are interested in another tour selection. You may receive confirmation of your tours via e-mail. Vouchers for each confirmed tour will be delivered to your stateroom after embarkation.

Immunizations

Immunizations may be required for some of the ports of call included in your voyage. Please contact your local physician, Health Department and/or travel medicine clinic to discuss immunization requirements for all countries on

your itinerary. You can also check the Centers for Disease Control and Prevention's website at cdc.gov. Click on Travelers' Health and then Vaccinations. It is also a good idea to bring along a record of your immunizations, as requirements for immunizations may change. It is the guests' responsibility to remain apprised of changes in immunization policies, so that they have all the required inoculations and immunizations at the time of departure.

Safety

We take steps to identify and contract with reputable tour operators. Tour operators must comply with local government requirements and carry liability insurance in amounts consistent with local standards to address personal injury and property damage.

Visa Requirements

Each guest is responsible for obtaining all visas needed to join the cruise. Unless otherwise noted, it is the guest's sole responsibility to obtain any necessary visas to participate in any Overland Adventures and Overnights. Guests must keep themselves apprised of policy changes. Passports, visas (other than as specified above), tourist cards, and vaccinations, if required, are the sole responsibility of the guest. Remember, guests must have a passport that is valid for at least six months beyond the completion of their trip.

Cancellation of Overland Adventures and Overnights

The cancellation policy for Overland Adventures and Overnights is (unless noted otherwise in the tour description):

- 30 - 60 days before tour date: 25%
- 14 - 29 days before tour date: 50%
- Within 14 days: Non-Refundable

Please note that the Cancellation Protection Plan covers pre-booked tours, including Overland Adventures and Overnights, if cancellation is made up to 24 hours prior to commencement of cruise. Tours cancelled within 24 hours prior to commencement of cruising or while on board are not covered by the Cancellation Protection Plan and are subject to the above penalties. In the event a complete tour is cancelled by Holland America Line or the tour operator, pre-booked refunds will be handled on board. Very shortly after each booking deadline/cancellation date, e-mails are sent from the ship to the agencies concerned, informing them of our definite requirements for meals, seats on aircraft, number of automobiles and motorcoaches, etc., and commitments are made. If notice of cancellation is received after the booking deadline/cancellation date, a refund can be assured only if the ticket is resold. Guests are encouraged to pre-purchase tours. We recommend speaking with the Shore Excursions Manager on board if you have any questions about your physical ability to take part in any tour. Should you opt not to take the tour following this discussion, full reimbursement will be made provided the cancellation is made within 24 hours of boarding the ship. For Overland Adventures and Overnights, due to the in-depth nature of the adventures, most areas are not accessible to wheelchairs and require a considerable amount of activity.

Scooters

Depending on the port, the tour operator(s) may impose weight restrictions for electric scooters and/or additional charges may apply.
