Finding "Null Island"

"Null Island" is the "so called" location at zero degrees latitude and zero degrees longitude, i.e., where the prime meridian and the equator intersect. Today, we'll try to find it with or without a buoy to mark the spot! Be part of the adventure of as we journey to find that sweet spot! Join us at Lido Poolside, midships, for a bit of fun and occasional commentary, drink specials, and your chance to partake in the "Null Island" Pool Jump!
