

Exciting upgrades are coming to the loyalty program for our President's Club Mariners.

Starting with sailings commencing after May 11, 2024, the welcome gift of \$40 that President's Club members receive on each cruise is being increased by 50% – to a value of \$60. This gift can be used to purchase a floral arrangement or a bottle of wine, or it can be converted to a beverage credit that provides the ultimate flexibility.

Those who select a bottle of wine will be able to peruse a refreshed wine list the next time you sail. Our Beverage team members pride themselves on their knowledge of wines, and we've added some exciting new options that are guaranteed to please.

In the past, many of you have used the welcome gift to purchase a bottle of liquor, and you may still do so. The difference in the price of the bottle you choose above \$60 will be added to your onboard account.

An updated list of your President's Club benefits can be found at right. And of course, your Group and Event Coordinator will be happy to go over any questions you have the next time you step on board.
